The CD player came out with a price of 540,000 liras in Italy, it was the top model of its series, but rather cheap in construction and in the LCD. The project is very valid, the sound is warm and brings it closer to vinyl thanks to the good Philips circuitry, with double 16-bit DAC with quadruple oversampling and excellent filters.

The Philips CD150 was one of the first cheaper CD players that Philips made. This player was released in 1985; CD players were no longer new and the technology was starting to mature. Quite a few steps had been taken to lower the production costs of this player and players like it, including: A new laser mechanism.
