As Smithsonian recounts, the Iroquois Theater disaster remains the deadliest urban fire in U.S. history, even if only a minority of those killed actually died from smoke inhalation. The real dangerous thing that day were the fire exits. Because patrons from the cheap seats had a habit of sneaking down into the good seats mid-performance, the Iroquois' management had barred most exits off.

Kenneth Goldsmith's Seven American Deaths and Disasters, which consists of transcriptions of audio recordings made during and immediately following major American tragedies, involves a specific kind of affective transformation: the cliché.

### Against against affect (again) : affect in Kenneth ...

The toll on Asian Americans has received far less attention, perhaps in part because the numbers who have died -- about 14,000 more than normal this year -- have been far lower than among several other groups. Still, the 35% increase in Asian American deaths is the second-highest, behind Hispanic Americans.
