In other words Synonyms, In other words Antonyms ...
A preposition describes a relationship between other words in a sentence. In itself, a word like "in" or "after" is rather meaningless and hard to define in mere words. For instance, when you do try to define a preposition like "in" or "between" or "on," you invariably use your hands to show how something is situated in relationship to something else.

Weasel Words And Other Ways We Avoid Telling The Truth Most of us know what the word lying means, but what happens when someone carefully skirts the truth instead of telling a bold-faced whopper? Politicians, in particular, are well-known for making use of equivocal language as a way of hiding their true actions.
