Zenith Electronics, LLC is an American research and development company that develops ATSC and digital rights management technologies. It is owned by the South Korean company LG Electronics. Zenith was previously an American brand of consumer electronics, a manufacturer of radio and television receivers and other consumer electronics, and was headquartered in Glenview, Illinois.

## **Zenith Electronics - Wikipedia**

We have been contacting Zenith for four months and still do not have a working television or refund of money. This TV was a complete waste of \$2,000.00 and I would not recommend any Zenith products to anyone. Thanks to Zenith, I got to watch the Super Bowl on a 15" CRT monitor, despite investing a significant amount of money in a plasma television.

## **Zenith P42W34 42 16:9 EDTV Plasma Flat-Panel TV - amazon.com**

The Zenith manual says that the Monitor Out section (video and audio) don't work at all with the DVD In and HD In sections. This fact is omitted from all marketing material for this TV. Well, instead of plugging that DVD audio output into the TV, you can just run it to your receiver and cut out the middleman, right?

## **Amazon.com: Zenith C32V23 32-Inch Flat-Screen Integrated ...**

The Zenith manual says that the Monitor Out section (video and audio) don't work at all with the DVD In and HD In sections. This fact is omitted from all marketing material for this TV. Well, instead of plugging that DVD audio output into the TV, you can just run it to your receiver and cut out the middleman, right?
